**\*Pre-Global Studies to full Global Studies notes:** Upon completing the pre-major requirements successfully (see major sheet for details), the student will file a petition with the undergraduate advisor to shift the major from Pre-Global Studies to full Global Studies status

**\*Foreign language notes:** The full foreign language requirement is:

- quarter 6 (or the equivalent, via placement test or credit from another approved institution) of one language...
- PLUS** one additional year of your choice of **EITHER**
  - 12 units of advanced and/or upper division courses taught in the same language (same language as the "quarter 6 or equivalent" language)
  - one additional beginning year (or, the quarter 3 equivalent) of a different language (in some cases, 3+ years of high school language credit can be used for this by petition)

**Note:** This is intended as a **suggested** plan of study only - each individual student's circumstances will by necessity customize this plan. While many students do finish Global Studies major requirements quickly enough to graduate early, the major is **impacted** and therefore **cannot guarantee** an early graduation for any student (just an on-time graduation, within 4 years). The department also cannot guarantee access to every course in every quarter - it is each student's responsibility to make sure they are reading all posted and emailed advising information in order to graduate on schedule.
